

FedEx Regulatory Alerts & Updates

RegAlert: Brazil Express Restrictions on Commercial Shipments Change

November 14, 2017

The new Brazilian express regulation (Instrução Normativa or IN RFB No. 1737), which took effect October 18, 2017, brought the following modifications in the shipments via express mode:

1) Importation:

By companies:

The limitation of U\$ 3,000.00 remains in place and the importation of articles of a commercial nature intended to be resold or industrialized is now allowed. The flat rate of duty is 60%.

By individuals:

The importation via express mode of articles of a commercial nature intended to be resold by individuals is still prohibited, except to Rural Producer, Artisan, Artist or similar.

The flat rate of duty is now 0% for medications (final products) imported for individual consuming.

2) Exportation:

The limit of shipments exported by companies and individuals is now U\$10,000.00.

Timeline for Implementation: October 18, 2017
