PACKAGING TIPS

Packaging Tips

Protect your jewelry, gemstones, and precious metals.

These packaging pointers will come in handy when shipping with the FedEx® Declared Value Advantage program.

- Always ship in FedEx Express boxes. Options include FedEx® Small Box, FedEx® Medium Box, and FedEx® Large Box. Never ship valuables using any type of envelope or folder as the outer package.
- All packaging other than the FedEx Small Box, FedEx Medium Box, and FedEx Large Box must be reviewed by FedEx security and FedEx packaging engineers.
- Pack boxes with care. Use packaging material to properly cushion your items and to avoid shifting or rattling of box contents.
- For extra protection, reinforce your shipments by placing valuables inside a FedEx Security Box or a FedEx Box With Safe Insert.
- Place a copy of your company's packing slip inside the inner shipping box. Include the FedEx tracking number and contact information for both the sender and the recipient.
- Address your packages carefully. To avoid revealing the contents, label the outside box cautiously; never use business names or jewelry terms in the shipping or return addresses.
- If shipping multiple packages, avoid taping the boxes together.
- When creating the shipment, select "Direct signature required" as your FedEx® Delivery Signature Option.

It is important to notify package recipients about the contents of your shipment and its expected delivery date and time. Recipients should also be encouraged to check each package before signing for delivery.

SHIPPING TOOLS

Shipping Tools

Take advantage of support for high-value shipping.

We know the importance of getting your high-value items delivered safely and efficiently, so we offer special shipping tools to help.

Protective packaging. FedEx offers both the FedEx Security Box Kit and the FedEx Box With Safe Insert that fit securely into a FedEx® Medium Box or FedEx® Large Box. For more information, or to order new materials, go to the FedEx Service Guide.

Customized shipping. When shipping high-value items, we suggest using FedEx Priority Overnight® or FedEx Standard Overnight® service and requiring that a signature be obtained upon delivery. Choose Saturday delivery when tendering your shipments on a Friday.

Convenient pickup or dropoff. You can schedule a daily pickup, or drop off your Declared Value Advantage packages at select FedEx and FedEx Office locations equipped to handle high-value goods. When dropping off, be sure to hand your packages directly to a FedEx agent or FedEx Office team member and ask for a receipt. To obtain a list of participating dropoff locations, call 1.800.GoFedEx 1.800.463.3339 or refer to your FedEx® Declared Value Advantage agreement.

Informative package status tracking. With FedEx InSight®, a web-based tracking application, you can stay updated on the status of your shipments and be notified when your packages are delivered.
