Shipment Notes	ALPHA	240	

Notes:
● All alpha data fields are considered alphanumeric, and numeric fields are numeric only
● All column headers and values (alpha, numeric, alphanumeric) are enclosed in quotaEon marks (i.e. "9.65"). This is true for .csv and .txt files
● For negaEve values in the charge amount columns, there are five blank spaces between the negaEve sign and the value (i.e. "-4.65")
